

Coast Spas Tspa Mp Service Manual

Chapter 1 : Coast Spas Tspa Mp Service Manual

Drawn by spa exceeds breaker rating. this is highly unlikely as each spa pack output is individually fused, and fuses will blow before gfci trips. a current leak to ground will also cause gfci to trip. if any of the components is faulty and a leak of more than 5ma occurs, the gfci will trip to prevent electrocution. Temperature set point of the spa by 20°f (11°c) during a certain period of the day. when in economy mode, the "economy mode" icon is displayed. to program the economy mode, you must enter two parameters: the start time and the duration. if the economy mode is not required, the duration must be set to "off". Coast spas tspa-mp service manual tspa-mp system board (or complete spa pack) transformer pressure switch fuses top side control (keypad) 4 tspa-mp metapacks service manual electrical wiring correct wiring of the electrical service box, gfci box and pack terminal block is essential.
